RSHE	1. Created and loved by God Rooted in the teaching that we are made in the image and likeness of God. (except session 1.4.2) It helps children to develop an understanding of the importance of valuing themselves as the basis for personal relationships.		2. Created to Love Others Explores the individual's relationship with others. Building on the understanding that we have been created out of love and for love, this module explores how we take this calling into our family, friendships and relationships, and teaches strategies for developing healthy relationships and keeping safe both online and in our daily lives. (except 2.2.4)		3. Created to Live in Community Explores the individual's relationship with the wider world. Here we explore how human beings are relational by nature and are called to love others in the wider community through service, through dialogue and through working for the Common Good.
